

I am writing on behalf of K-Love. My husband and I (and even my teen children) have been K-Love listeners and supporters for many years. Personally speaking (and I know this is the case of all K-Love listeners) I NEED the encouragement and positive message the station provides on a day-to-day basis. Our family had experienced MAJOR trauma several years ago. I had to take a leave of absence from work for emotional reasons as a result. I was emotionally lost, devastated and overwhelmed dealing with the circumstances. Listening to K-Love, I heard the song "Jesus will Still Be There." I truly feel that hearing this song saved my life. It brought me back to my senses and provided me with hope and comfort. Five years later, my family is still healing from this trauma. I thank GOD that there is a Christian radio station I can listen to at any time of the day that I know is helping me and my family move forward, trusting that each day will be a little bit better than yesterday. We have heard testimonies from so many individuals who have had bad experiences in their lives and how they were able to overcome the circumstances because of a song or words of encouragement they heard on K-Love. A therapist can only do so much for an individual; faith in Jesus Christ is the only source of true healing. With all the trash on TV, at the movies and being broadcasted by most radio stations, it's refreshing to know that we can praise and worship GOD and be lifted spiritually every day along with all the other K-Love listeners. It isn't by accident that someone connects with K-Love; it's meant to be that way. Please do not remove this station from our community. It provides a great source of hope and encouragement to its listeners. Thank you for taking the time to read this and GOD be with you in making the proper decision.
